Do the people a schizophrenic believes in exist? Are they not real? What is reality to you, may not be reality to me. For all I know, you are neither living nor breathing.

The line between reality and mentality is blurred, There is no reality, there is nothing real.

Are dreams real, and how would we know if they were? Should we be dreaming right now, we would be trapped in a dream, and none of this would really matter.

alt.lang.asm: Re: this is the time to pray

As you know that your lack of beliefs is causing you pain, you enforce bullshits on others, in an otherwise peaceful and fully debated discussion.

Look into yourself before seeing who is crazy here, Why would YOU require to force us to believe that we are crazy, if you truly are superior in thought to us, why would you even bother?

It is well known that only idiots argue with idiots, because those who watch them argue know who is wrong and who is right. So why do I argue? Mostly for fun :) And yes, while I am young, I should learn how truly dumb I am before I can advanced i
