This layout <http://www.lysator.liu.se/c/c-faq/c-faq-toc.html> of the faq in the previous post is easier for us the newbies in C to locate the questions/answers ;-)

Pay attention at the top of the page. There are link to faqs that are also extremely interesting for newbies like us to read. Most of my questions are there!! <ftp://rtfm.mit.edu/pub/usenet/news.answers/C-faq/faq> as well as this <pub/usenet/comp.lang.c/> and this <ftp.uu.net> (directory <usenet/news.answers/C-faq/>)
