Hi Marcello,

> *I'll check the timeouts*

The timeout value is also a property of TADOConnection ( CommandTimeout ).

>,but *How can I check What version of SQL Server its  
runing(PersonalEnterprise),*

Use "SELECT @@VERSION"

>*Do personal edition let*

> *more than one connection at a time,without any restrictions?*

I think so, but I'm not overly familiar with different MS SQL Server versions.
