Im lost.

If you decide upgrade from explorer:

Upgrade Turbo delphi professional from explorer (seems like a bad joke)
U\$\$ 403.81.

But if you buy the cd and a new license (assuming explorer is a kind of license) you spend LESS money!!!

Turbo Delphi 2006 Professional Edition – CD U\$\$ 399.86

All that stuff is a joke or wich is happening here?

Why dont put a real upgrade for D5 – D2005 users to Turbo Delphi explorer? Devco is shoting your foots before start to talk.

I bet is not Nick who chose the price politic, cannot believe he do that stuff...
