Peter Morris [Droopy eyes software] wrote:

Unless ofcourse he wants a lot changed :-)

Yes, everything is relative =>

This statement also makes me question whether or not changes not in the common interest are made because someone is offering money?

No.

Many commercial linux distributions apply patches to the Kernel source and also other software before compiling them. Because they use modifications are not on the best interest of everyone, and those are not included on the official source. But that doesn't prevent anyone from creating patches for their specific needs.

.
