Hi

Funny to see i look at the new MPlab

MPLAB® IDE v6.41 Interim Release Software

MPLAB PM3 device programmer is fully supported in this interim release. Components with new device support include:

MPASM

18F6410 18F6490 18F8410 18F8490

18F2585 18F2680 18F4585 18F4680

16F505 16F636

12F635 12F508 12F509 12F683

And have a look at this link

<http://www.microchip.com/1010/pline/picmicro/category/digictrl/8kbytes/devices/16f54/index.htm>

Kind regards

Henrik
