Which seems to cover the probability issue. I can't vouch or the correctness of anything on the site, but on a quick glance it does seem viable.

Wonderful. Many thanks. And his randomizing techniques:  
<http://www.rpbridge.net/7z71.htm>

I wonder why I didn't find these sites by myself.

I think this gets me working.

Thanks to all for your help and your patience.

So long  
Volker
