-

In the code below I cannot move uploaded file. I don't know why. The folder Paper has privileges rwxrwxrwx. \$_POST['Year'] and \$_POST['Month'] are valid.

Please help.

Thanks in advance!

```
<?php
session_start();
if ($_SERVER['REQUEST_METHOD'] == 'POST' &&
isset($_POST['EditionFile']) && isset($_POST['Year']) &&
isset($_POST['Month']))
{
if (is_uploaded_file($_FILES['SelectEditionFile']['tmp_name']))
{
// ZaBaduj plik:
$file = $_FILES['SelectEditionFile']['name'];
$ext = @substr($file,
@strrpos($file, '.') ? @strrpos($file, '.') + 1 : @strlen($file),
@strlen($file));
$paper = 'Paper/Blask_' . $_POST['Year'] . '-' . $_POST['Month'] . '.' .
$ext;
@unlink($paper);
if (!move_uploaded_file($_FILES['SelectEditionFile']['tmp_name'], $paper))
// HERE PROBLEM
{
$_SESSION['Error'] = 'Cannot move uploaded file.';
}
....
.
```
