Thank you for your answer.

I have checked that LD_LIBRARY_PATH is set, and it includes \$II_SYSTEM/ingres/lib.

I check that DBD::Ingres is present (version 0.30).

And i have the following line in my .profile :

```
LD_LIBRARY_PATH=/lib:/usr/ccs/lib:/usr/ucblib:/usr/local/lib:$II_SYSTEM/ingres/lib:$LD_LIBRAR  
Y_PATH; export LD_LIBRARY_PATH
```

Thank you for your help.

Selon Eric Lenio <dbi-users@xxxxxxxxx>:
