Subject : the counter is now 18

Subject : the counter is now 19

#####> controller waiting... 17 loops

Subject : the counter is now 20

controller : threshold 20 reached

Subject : the counter is now 21

Subject : the counter is now 22

Subject : the counter is now 23

Subject : the counter is now 24

Subject : the counter is now 25

Subject : the counter is now 26

Subject : the counter is now 27

Subject : the counter is now 28

Subject : the counter is now 29

Subject : the counter is now 30

Subject : the counter is now 31

Subject : the counter is now 32

Subject : the counter is now 33

Subject : the counter is now 34

Subject : the counter is now 35

Subject : the counter is now 36

Subject : the counter is now 37

Subject : the counter is now 38

Subject : the counter is now 39

It seems to be what you were trying to do.
